SUMMARY

As a web developer intern at CodeAlpha, I am working on developing and testing web applications using various technologies and frameworks. I have a National Diploma Technology (NDT) in Information Technology from University of Moratuwa, and I am expected to graduate in Dec 2025. I have also completed multiple certifications in, Artificial Intelligence from Udemy and Great Learning. I have a strong passion for web development and learning new skills, and I am eager to apply my knowledge and creativity to real-world projects. I have experience in alpha testing, Linux, and JavaScript, and I am proficient in HTML, CSS, and React. I am a team player, a problem solver, and a fast learner, and I strive to deliver high-quality and user-friendly web solutions.
